THE HYMN sung at the Methodist Episco-pa! Sunday School on the death of Martha Shuman:

Peacefully lay her down to rest. Place the turf kindly on her breast; Sweet is the simber beneath the sod, While the pure soul is resting with God.

CHORUS: Peacofully sleep, peacofully sleep. Sleep till that morning, peacofully sleep. Close to her lone and narrow house, Gracefully wave ye willow boughs; Flowers of the wild wood your odors shed Over the holy, the beautiful dead. Quietly sleep beloved one, Rest from thy toil—thy labor is done

Rest till the trump from the opening skies Bids thee from dust to glory arise. LINES BY E. L. BITLER

Dear Mattie is no more, Her sufferings all are past; She gained the other shore And lives with God at last. Affliction was her lot.

For one long weary year; But patiently she strove, To bear it in God's fear. She longed to leave this world For mansions in the skies; To lay her body down.

Till Jesus bids it rise. The fear of death was gone For Jesus was her friend He kept her by his power Unto her Journey's end.

"Mother, dear, stay with me," She said, "I'll leave to-night." And as the time drew near She asked them for a light. Again she spoke, "Lord help,"

And sweetly fell asleep, To wake where all is light And where none over weep. Pause, loved ones, pause and think Not made by human hands

But by the power of God. Think of the mighty change, The new, immortal walks, The pleasant fields of heaven And with the angels talks. Catawissa, March 30th, 1867.

REALE'S LATE

POWELL'S EMBROCATION. FOR ALL DISEASES INCIDENT TO HORSES. CATTLE, AND THE HUMAN FLESH,

ound, prepared by a practical This new Compound, prepared by a practical Chemist, hains a vialt knowledge of all the medical virtues of each ingredient that enters ito its composition, is warrented to exceed anything of the kind over yet offered to the public as an external application for the diseases for which it is recommended. We are estissical that it will work its own road total the confidence of all who use it, and those who try it once will accer be without it, and therefore we rely on autorence as the heat test of transfer. cly on experience as the best test of its usufulness

LP AIRIBUILDE and all who have tried it, to be the heat application ever used. This Embrocation has been put up for ever eight years, rad it is only through the increasing demand and urgent request of my friends and the public that I send it forth as the grand remedia public that I send it forth as the grand remedial agent for the vorious discares to which that noble and useful armal, the horse is subject.

Many remedies have been oldered to the public under different forms, some of these are injurious, others at best of little use, and many wholly improper to answer the purposes for which they are recommended.

A indictous and really useful composition, free from those objections, has heretofore long been desired by many gentlemen who have

VALUABLE HORSES. and are enwilling to trust them to the care of designing, and pretended Farriers. Their wishes are at length fully gratified, by (Dr. Heale) being prevailed upon to allow this valuable Embrocation (which has proved so effic clous to the various diseases) to be prepared and brought out to the public.

This Embrecation was extensively used by the Government during the war.

Address all order to DR. EDMOND REALE, 602 South Scood St. Philadelphia, Pa. March 20, 767—600.
